

### **Quote From Carer**

*'We are a part of a family at Carers and Disability Link. It's the support, the friendship, the breaks that we can have and it gives me time for myself to do what I want to do without worrying about my husband'.*

### **Quote From a Care Recipient**

*'Attending Carers and Disability Link programs has been a real life saver to me.*

*I can't remember all of the details....but I got very down when I got my diagnosis, I started to become a recluse.*

*At the very beginning I didn't want to go....I didn't think there was anything wrong with me and why would I want to go? Through Carers and Disability Link' I have a new lease of life by finding a group of like minded people who understand what I am going through. I look forward to attending the groups each week. We're in a society where every-one is in the same boat, whether they are a carer or being cared for. Everyone is identical and we're all good mates'.*
